RE: Revised District Rules and Regulations – Effective January 1, 2018

Dear Commercial/Industrial User;

This letter serves to provide additional notice that the Boxelder Sanitation District has recently gone through the process of revising the Rules and Regulations in accordance with 40 CFR Section 403.18. The revised District Rules and Regulations were posted and available for public comment at the Boxelder Sanitation District Board of Director Meeting(s) on September 21, 2017 and October 24, 2017. No public comments were made and the revised Rules and Regulations were sent to the Environmental Protection Agency (EPA) on October 25, 2017 for public notice. On January 8, 2018, the EPA approved the revised District Rules and Regulations for publication.

The District Rules and Regulations can be found on the District's website at: www.boxeldersanitation.org. Please take a few moments to review the revised District Rules and Regulations to be aware of any change that may affect your industry.

In addition, the District's Fats, Oil & Grease (FOG) Policy for restaurants and/or establishments with grease interceptors and traps and/or sand and oil interceptors has been revised for publication. This policy can also be found on the District's website at: www.boxeldersanitation.org.

If you have any further questions or concerns, please do not hesitate to contact me at dlewis@boxeldersanitation.org, or by calling (970) 498-0604.

Sincerely,

Dave Lewis – Wastewater Manager / Industrial Pretreatment Coordinator
Boxelder Sanitation District
